

FAIR HOUSING

DIRECT SERVICE

- Educate individuals and organizations about their rights
- Assess and investigate fair housing complaints
- Advocate on behalf of individuals experiencing discrimination

OUTREACH

Partnering with communities, organizations, and individuals to address discrimination and ensure enforcement of Fair Housing laws.

POLICY

We work to change existing laws, and create new legislation to protect vulnerable Maryland residents. Many of our clients participate in the advocacy process, empowering them to become their own best advocates.

RESEARCH

Our direct service and policy work is informed by targeted research, data analysis, and mapping that allows us to spot trends and assist local and state government agencies in targeting areas of critical need.

ABOUT US

Economic Action Maryland provides direct assistance today while passing legislation and regulations to create systemic change for the future.

Working at the local, state, and federal level, Economic Action Maryland unites individual advocates, and public interest groups to press for policies that protect vulnerable Marylanders.

We've kept our clients housed by preventing tax sales, saved our clients thousands of dollars in earned benefits, and empowered tenants who were able to hold their landlords accountable.
